

# Ramp Up with Zencos Quick Start Services

## BI Quick Start Services

Zencos Quick Start services are designed to help you get your BI implementation operating and performing quickly, and get you on the road to faster ROI.

## SAS Software Installation and Configuration

Zencos has performed SAS®9 implementations across multiple platforms and industries demonstrating subject matter expertise by completing installations consistently over time. Zencos has defined a methodology for configuration that provides clients with the flexibility to reduce consulting time by completing certain tasks before the project begins.

## SAS Environment Optimization

Utilizing best practices developed over the entire SAS 9 life cycle, Zencos will effectively implement specific configuration settings for your environment to ensure continued stability, reliability, and performance.

## SAS Client Software Installation

Installation and configuration of client applications including SAS Management Console, SAS OLAP Cube Studio and SAS Information Map Studio. Zencos will also setup installation scripts for SAS Enterprise Guide and SAS Add-in to MS Office.

## SAS Administrator Knowledge Transfer

Zencos award-winning staff will provide the necessary expertise and assistance so that your SAS Administrator is comfortable with applications to ensure smooth operation and less downtime.

## BI Reports and OLAP Cube Development

Utilizing your data, Zencos will assist with initial setup of BI elements, allowing your organization a quick view of the SAS BI environment. These BI elements can encompass one or more of the following SAS BI relationships:

- SAS Information Maps and SAS Web Report Studio Report
- SAS OLAP Cube Studio, Enterprise Guide OLAP Viewer, SAS Web OLAP Viewer
- SAS Add-in to MS Office

## Remote Support and Troubleshooting

Dedicated time and expertise available for questions, advice, and assistance with report development.

Pricing is based on the SAS software solution, environment, number of SAS Administrators, and reporting requirements. Contact Zencos today for more about our Quick Start services at 919.459.4600 x116 or via email at sales@zencos.com.
